Yeah, 4 individuals since September have been transitionally housed in PATH facilities and 1 more in a winter shelter.

I am aware that you contracted with them but didn't know if there had been any success.

Thanks.

Not sure if you knew, but the Fig BID began funding a homeless outreach team (we contract with PATH) about five months ago.

They've had some success during that time helping get people off the street or connecting them to services.

No worries. We are trying to develop call sheets to the community so they aren't just relaying on 211 to look for shelter beds or for clean up. I will keep you posted.

Good evening:

This was part of the large report released last night but I thought it might be useful.
